ORDER ON ELECTRONIC FILED EXHIBITS SHN A.W. BRATCHER  
CLERK AND MASTER

This cause came on sua sponte on the 7<sup>th</sup> day of May 2021, it appearing that the Rutherford County Chancery Court Electronic Filing Rules allow for proposed trial exhibits to be electronically filed and it further appearing that the Chancellor and the Judges prefer for the proposed trial exhibits to be filed during the Court proceeding and then scanned into the electronic system by the Clerk and Master's office, held until the appeal time has lapsed, and then be returned to the original filer

It is therefore Ordered, Adjudged and Decreed that:

1. Proposed trial exhibits shall not be accepted as an electronic filing through the Court's electronic filing system until further orders of the Court; and
2. Trial exhibits shall be scanned into the electronic system by the Clerk and Master's office, held until the appeal time has lapsed, and then returned to the original filer.

Enter this the 7<sup>th</sup> May 2021.

  
Howard Wilson, Chancellor
